Tying Up City Business—Garbage Collectors Also Strike—Council Refuses Increase

(By United Press)

No garbage was to be collected today, it was stated, as 136 garbage handlers walked out when their demands for more money were unheeded.

An all night session of the city council ended with rejection of all amendments to the city budget, including a \$4,000,000 blue sky provision which would have permitted an increase in wages to the city employees.

Danish King Declines Demand

Of Socialists That he Reinstates Cabinet, General Strike Is Threatened

(United Press Staff Correspondent.)

Copenhagen, March 30.—King Christian announced today he would not reinstate the cabinet of Premier Zahle as demanded by the socialists.

A general strike was threatened by the socialists for tonight unless the Zahle ministry was reinstated.

They characterized the king's action as arbitrary and dictatorial. The situation was somewhat confused, as Zahle had refused to stay in office until a new cabinet could be formed. The king summoned the liberal leader, Neergaard, charging him with formation of a cabinet. The king's action was supposed to have been caused by the governments attitude in the plebiscite in the second zone of Schleswig. He went to Germany after the first zone had voted overwhelmingly to join Denmark. It was charged that the Zahle government would not make sufficient effort to insure a Danish victory in the second zone.

Henry Rhines, state treasurer, was asked by other members of the board today to work out some plan of disposition of the certificates in this manner, and the board will meet next Thursday to take the matter up further.

An effort to force the resolution out of the committee in the senate was balked. The senate voted to recess before the motion could be acted on. The senators were evidently waiting for the house to take the initiative.

Ambassador Wallace at the foreign office said apparently he had received no instruction covering this point. The foreign office characterized the note as a whole as conciliatory in tone.

So Decides An Omaha Judge in an Action Brought Against Street Car Company

(By United Press)

Omaha, Neb., March 30.—An unborn child is a legal entity capable of suffering and suing, Judge W. C. Sears ruled today. Judge Sears quashed a demurrer of the city traction company to a suit brought on behalf of little Miss Liblin, who charged she suffered prenatal injury in a traction accident. Mrs. M. Liblin, the mother suffered a bump on her head in an accident. When the baby was born she was marked with a bump on her head similar to the one on the mother. Mrs. Liblin on behalf of the child brought suit for \$50,000. The baby's plea was that it was a regular paid up passenger on the street car under the regulations providing that children under five may ride free when accompanied by their parents.

Negro Lynched in Old Kentucky

Accused of Second Attack on White Girl—Brought Back From Michigan

(By United Press)

Maysville, Ky., March 30.—Grant Smith, age 40, negro, was hanged to a telephone pole six miles from this city today by a band of armed men who took the negro from G. W. Powell, sheriff of Fleming county, and Fred Link, chief of police of Paris, in front of the Bourbon county jail last night.

Smith was accused of the second attack on Ruby Anderson, 14, a white girl, and was being brought back from Pontiac, Mich., where he was arrested when he was seized.

After Smith left the train here armed men surrounded the officers and they were forced to deliver their prisoner.

Fifty men then entered high powered motor cars with Smith and started a wild ride toward Maysville. Six miles from the city and three miles from the girl's home where the attacks are said to have taken place, Smith was hanged.

The body was left swinging from the pole. The Anderson girl's mother is dead. Smith worked on the Anderson farm and is alleged to have attacked the girl and warned her on each occasion to keep quiet or he would kill her.

Barnett recently gave \$1,500,000 for charities, including a hospital to be erected at Henrietta, Okla., exclusively for patients of Indian blood.

Socialist Assemblymen Declared Disloyal and Should be Unseated

By Majority Report of the Judiciary Committee of the N. Y. Legisla- ture—Minority Report Dissents

(By United Press)

Albany, N. Y., March 30.—The five suspended socialist members of the New York assembly were declared disloyal and unworthy of their seat, a majority report of the judiciary committee filed today said.

A minority report filed by Wm. S. Evans, one of the thirteen members of the committee, asserted that while the five socialists have been proven disloyal, the assembly has no constitutional rights to prosecute disloyalty as a test of eligibility of its members, and urged they be reelected.

A second dissenting opinion was filed by Assemblymen Wm. Pellett and Theodore Stitt, republicans. They held that while the evidence discloses that the socialists, as a party and individuals, refused to render the government any service during the war, there was nothing to show their attitude was other than negative and that the suspended men should be reelected.

Denkin Escapes Capture by Bolsheviks

His Defeat Last Week Practically De- stroys Anti-Bolshevik Movement in Southern Russia

(By United Press)

London, March 30.—General Denkin, leader of the anti-bolshevik forces in southern Russia escaped from Novorossisk when the soviet armies captured that port last week, the British war office has been informed.

It had been feared Denkin might have fallen into the hands of the bolshevik. He made his last "stand" defense against the reds at Novorossisk and was defeated. The war office admitted this defeat practically eliminates the entire anti-bolshevik movement in southern Russia.

Great Britain backed Denkin heavily with supplies, sending him arms, food stuffs and munitions.

Promised They Would Be Swept from the Army and Government Places With an Iron Broom

CARL D. GROAT, (United Press Staff Correspondent.)

Berlin, March 29.—(Night)—"Germany's greatest danger is from the reactionary right, not from the bolsheviks," Premier Mueller told the Reichstag today.

It was the maiden Reichstag speech of the former foreign minister, since he assumed chancellorship. The Reichstag was crowded. Mueller's program as outlined was practically that of the preceding cabinet. He promised early fulfillment of the socialist law, particularly socialization of the mines which was promised by the former cabinet but never fulfilled.

Reactionaries will be swept from the army, the government and other places with an "iron broom." The chancellor promised that the government would take strong measures to crush the communist revolution in the Ruhr district.

Won't Send More Troops Into Neutral Zone

HENRY WOOD,

(United Press Staff Correspondent.)

Paris, March 30.—Dr. Wm. Mayer, the German charge d'affaires, today notified Premier Millerand that his government pledges itself not to send additional troops into the neutral zone as provided in the peace treaty without the authorization by the allies.

Mayer's action followed threats of vigorous action by the French government. Premier Millerand was quoted as declaring: "The French are ready to advance from Mayence and occupy Frankfurt, Hanan and Darmstadt should the German reichswehr troops enter the neutral zone. I hope the allies will act jointly, but France will act alone if necessary."

The foreign office previously had announced that about eight thousand reichswehr troops had entered the neutral zone without the allies consent.

Hugh Wallace, American ambassador, today handed Premier Millerand President Wilson's note, favoring Germany's occupation of the Ruhr district and opposed extension of the allied zone of occupation. But there were no indications that France intends to abide by Wilson's suggestion. The president also urged against sending allied troops into the area held by German communists, it was said, taking the stand that Germany should be allowed to settle her own troubles as far as possible. Observers here saw the president's position as directly opposite to that of Premier Millerand.

To Keep Thread From Knotting.

A simple way to keep silk threads from knotting and breaking, in machine sewing, is to dampen the eye of the needle. This allows the thread to go through the eye with much less strain.

**TO DARKEN HAIR
APPLY SAGE TEA**

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Undivided Ireland is Impossible for Legislative Purposes

WEBB MILLER,
 (United Press Staff Correspondent.)
 London, March 29—Even recent events have strengthened the view that an undivided Ireland is impossible for legislative purposes. Ian MacPherson, chief secretary of Ireland in Lloyd George's cabinet, declared in the house of commons late today.

MacPherson opened debate on the second reading of the prime minister's new home rule bill.

Conditions in Ireland, he said, has strengthened the belief that an advisory council, such as is provided in the bill, is necessary. The idea of secession of many parts of Ireland is intolerable, he asserted.

Chinese Dislike Foreigners.
 It is not very flattering but it is certainly true that whatever respect is shown a foreigner in the Orient is a tribute to his generosity or his heavy hand, until he has acquired such an intimate knowledge of the Chinese language and the Chinese mind that he is no longer a foreigner. The coolie has much less respect for the "man from the ocean" than the mandarin has because he has less appreciation of foreign achievements and foreign culture. He judges us by our appearance and our conduct, and in the light of Chinese tradition and Chinese standards we are ignorant, brutal barbarians, indicted for some strange reason upon the land.

Dubious Prospect.
 "That psychic expert says there are trees and animals in the spirit world," "Mebbe there are," said Farmer Cornsossel. "Only I must say that chop-pin' wood an' drivin' hosses are among the things of this life that I was hopin' to get away from."

HOW SOLDIER DISPERSED ATTACKS

"For two years my stomach trouble was very bad, my doctor had to inject morphine on several occasions when I was stricken with these attacks. Since taking four bottles of Mayr's Wonderful Remedy I have been entirely well and am serving in the artillery, having been pronounced in perfect health by government physicians." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

AMUSEMENTS

Today and Tomorrow at the Park
 A terrific battle between a band of fanatics and a group of guards and clubmen is fought in "Even as Eve," a picture taken from the story, "The Shining Band," written by the famous author, Robert W. Chambers. The picture will be shown at the New Park theatre today and tomorrow.

The clubmen have encroached on the grounds of the fanatics in their Adirondack retreat, and after doing everything possible to oust the intruders, they attack the clubhouse with guns and axes. The society men fight a losing battle until the guards arrive, when the fanatics are overpowered.

In the clash the beautiful clubhouse is almost wrecked. The men fight from room to room, wrecking every thing in sight in the desperate struggle. Beautiful glassware is overturned and broken to bits, chairs used as weapons are broken, tables overturned and banisters torn asunder. "Even as Eve" is a story of a beautiful young girl brought up in the wilds of the Adirondacks, by a father who has become embittered at the world because of the disloyalty of his wife and who wishes his daughter kept away from the society of men. Civilization encroaches upon them however, and Eileen finally is transplanted to the social circles to which her birth entitles her.

Charles Chaplin Here
 Something new in photoplay comedy is Charles Chaplin's latest million dollar production, made under his distributing contract with First National Exhibitors' Circuit and which can be seen at the Best theatre again tonight.

"A Day's Pleasure" is the title of this offering and according to the management of the Best, the staff of which insisted on a pre-showing in-

mediately following the arrival of the film in Brainerd, it is far more than that.

Those instrumentalities that have caused gales of laughter in other Chaplin productions have all to be

Jr. Mimic World

In New York, "The Jr. Mimic World," the remarkable musical comedy organization which comes to the New Park theatre, April 1, achieved wide fame as the greatest production ever staged in vaudeville. It has played continuously for one year in greater New York alone, where it has repeatedly broken records, and played to enormous receipts and has been on the Marcus Loew circuit more than three years.

Due to its fame in vaudeville the production has been on demand for private entertainments. One of America's wealthiest women and best known society leaders recently engaged the entire troupe, with complete costumes and scenery, to enter-

tain at her Fifth avenue home after a dinner party. For scores of the diners and entertainments held at the celebrated gold room of the Astor hotel, and Ritz Carleton banquet rooms the "Jr. Mimic World" has been engaged to furnish the enter-

tainment. At the recent dinner of the Friars, the great theatrical organization, the "Jr. Mimic World" was shown, and the 500 theatrical men present declared it one of the most remarkable productions of its kind in the world.

BAND GAINS COMPLIMENTS

At the concert given by the Brainerd Municipal band on the occasion of their benefit at the New Park theatre many favorable comments were heard, showing the people appreciated the progress made while under the direction of William F. Palmer.

The concert was replete with popular music as well as those numbers which leaned toward the classic, all showing musicianship of the highest class. As a municipal institution the Brainerd band is one of the best advertisements the city has and the summer concert season soon to be inaugurated always serves to make the Wednesday nights the most attractive of the week's calendar.

PARADE IS SET FOR THURSDAY

April 1 is the Red Letter Day in the History of Brainerd Lodge No. 615 of Elks

248 VISITORS ARE EXPECTED

Furniture Being Removed From Elks Hall to the Citizens State Bank Hall

Thursday, April 1, is the red letter day in the history of Brainerd Lodge of Elks, No. 615. The parade is the outstanding feature, the starter for a most remarkable program which includes parade, initiations, luncheon, social session, etc.

An error in the Dispatch Monday night set the parade for Wednesday night. It should have been Thursday night. B. E. Dunham, chairman of the parade, has three goats and a donkey lined up for the wild animal section of the parade. Mr. Dunham is assured he will have more donkeys by the time of the parade as it is a poor lodge whose jurisdiction cannot furnish more than one donkey for an April 1 parade.

The "democrat" rig which is to haul Col. C. D. Johnson was given the "once over" by competent machinists and considered frail enough to make the round trip without injury to Mr. Johnson.

The social session has been enriched by Col. Johnson's address on a vital economic subject involving the relative humidity of the Brainerd as compared with the Sahara desert. Ed. Levant will speak on "The Influence of the Renaissance on Local Female Seraphic Pulchritude". He has given the subject much thought and attention. Various other philosophic subjects will be roughly handled in a general round table discussion, free for all, catch as catch can, no one barred. Furniture is now being removed from Elks hall to the Citizens State bank hall.

The boxing match is of the exhibition variety and will be refereed by Louis Sherlund who in case of doubt or discussion can lick both contestants if necessary.

The luncheon menu is one to tickle the jaded palate of an epicure of the age of Lucullus or of Demosthenes, as Fred Sandborn would say.

The fifty candidates are in training, expecting the most dreadful things and all committees are working anxiously to see that their hopes and fears are not disappointed.

The Brainerd Municipal band will play and heads the procession. They will enter thoroughly into the spirit of the occasion.

HANS J. PETERSEN

Former Brainerd Man Employed as Paint Foreman in West St. Paul Passed Away

Hans J. Petersen, who passed away in West St. Paul, was a former Brainerd man and the son-in-law of R. P. Nelson of this city. He had been employed as a painter at the Chicago Great Western railroad for over six years and had just been appointed to the position of paint foreman when death came. Before leaving for St. Paul he was employed as painter at the Northern Pacific shops for nine years.

The following is a clipping from the "West St. Paul Times":

Hans J. Petersen, of 52 East Louisiana street, whom we reported last week as being quite sick, died at about ten o'clock on Friday night of last week, at the City hospital where he was taken a few days before. His funeral was held on Monday afternoon under the auspices of Shekinah Lodge of which he was a member. Religious services were held at the home and at Holy Trinity English Lutheran church at George and Bidwell. Mr. Petersen was a member of Holy Trinity, and faithfully attended to his duties. The impressive Masonic services were conducted at the cemetery by Mr. W. G. Waller, assisted by Rev. Warner Johnson as Chaplain. The interment was made at the Lutheran Cemetery on Annapolis street. The deceased is survived by his wife and three children the eldest of whom is thirteen. Mr. Petersen will be missed in his family, his church and his lodge. There are all too few men of the stamp of Hans Petersen.

BACKUS ROAD TROUBLE ADJUSTED

Demands Made by the International Falls Rail Employees Are Granted in Full

SETTLEMENT BRINGS RELIEF

R. A. Henning, Formerly of Brainerd, Business Agent of Machinists, Assisted in Adjustment (Bemidji Daily Pioneer)

International Falls, March 29—The strike of the employees of the Minnesota, Dakota & Western railroad, owned by the E. W. Backus interests operating sawmills and paper mills here and at other points in this section, have been settled and the men all returned to work Saturday at the positions which they left Dec. 10 last. It is understood the men won their biggest contention, an eight-hour day, and also all wage demands made. About seventy-five men were affected. The strike-breakers brought in are leaving for Port Francis, Ont., and other places seeking work. Since the strike began there have been six companies of the Minnesota National guards here in succession, the last one being discharged two weeks ago. It is said that such good order has prevailed that no time did the soldiers have to do guard duty. On the contrary they appeared to fraternize with the strikers who conducted themselves in an orderly manner and it is claimed the only trouble during the long strike was caused by the strike-breakers.

Bringing of soldiers here caused much criticism of Governor Burnquist and other state officials deemed responsible and the friction resulting has not entirely disappeared. During the height of the criticism of the state officials, Sheriff Hugh McIntosh had charges preferred against him by the Backus interests, the report goes and the officer was suspended from office by the governor pending hearing of charges and John Wall of Minneapolis was named acting sheriff, a position he now fills. Later McIntosh disappeared and his whereabouts is still unknown.

The settlement of the strike was brought about at a conference between E. W. Backus and the following officers of railway organization: Jay Larisey, Cleveland, Ohio, vice-president of the Order of Railway Conductors; A. Johnson, Superior, assistant grand chief of the Locomotive Engineers, and R. A. Henning, Minneapolis, business agent for the Machinists union. While nothing about the conference except that the men got all they wanted was given out for publication, it is said that the tone of the meeting was amicable from start to finish. News of the settlement of the strike brought much relief to all concerned.
